<i>All Schools (% averages and total counts)</i>	73.9%	925	3.3%	96.0%	945	3.4%	88.8%	937	3.3%

Source: PEAR, extracted August 17 2023.

1 As reported by clients/parents to Public Health. Defined as clients who are not overdue to receive their first or next dose of the vaccine as per Ontario’s publicly funded immunization schedule; Compliance rate includes clients with a valid exemptions (medical or philosophical). The data presented is for the 2022-2023 school year.

3 Includes clients/parents who submit an affidavit stating they are opposed to immunization for conscience/religious beliefs (philosophical). It also includes individuals who have a medical exemption preventing them from being immunized.

* or ≤ 5: Data suppressed due to a small sample size/for privacy reasons

NR: Not reported.

DPT: diphtheria, polio and tetanus; MMR: measles, mumps and rubella

† Birth cohort for DPTP & MMR & Men is 2005-2008
